

Voters Must Decide Question of Paving Main Street

AT VILLAGE ELECTION MONDAY, MARCH 12TH

J. W. Sorenson says:

"The question before the voters of Grayling is whether or not we shall pave the 3 first blocks of Main street, and as it appears to me that a good many are undecided what to do in the matter, and inasmuch as several of our citizens have approached the writer on the subject I am publishing this statement giving my opinion in the matter. The paving will make a nice appearance to our town and I think that we are all in favor of beautifying the place we live in to the greatest extent of our ability. Now the next question is—is it beyond our ability to pave at this time? No one can decide this without a vote of the people and I think that it all hinges on that one point whether or not the voter feels that he is able to pay one and three quarters per cent of his assessed valuation for the next two years. In dollars and cents this means that you will be paying on every \$1,000 valuation \$17.50 which is exactly the same amount of tax as was paid by you last year, if we do not pave the taxes may be between \$10 to \$15 for every \$1,000 valuation. It is then for you to decide for yourself if the \$17.50 per \$1,000 valuation is not too heavy for you to pay I recommend that you vote 'Yes' for paving and on the other hand if you are unable to stand the tax burden and did not pay your last year's tax it is your duty to vote 'No'. We are speaking about the village tax which comes due the 1st day of July each year. The township and school tax is on a different assessment roll it being the tax you pay January 1st and has nothing to do with our village roll."

J. W. Sorenson.

We are indeed glad to print Mr. Sorenson's article for the information it contains. That is exactly what the people desire to know before voting upon the expenditure of money required for paving Michigan avenue three blocks.

In reviewing the article we will say that Mr. Sorenson is right in saying that "paving will make a nice appearance in our town" and that the people are in favor of beautifying the place we live in.

Further he says it depends upon whether or not the voter feels able to pay the cost—1 1/4% on his assessed valuation. In that Mr. Sorenson fails to go far enough. His figures are based upon the amount of \$25,000, which is the amount the Council is limited to raise for paving purposes, while the amount estimated by a competent engineer is only \$20,000. And further than that about 40% of that amount will be assessed to the owners whose property abuts the paved area. The Council has been lame in not making these points clear in their statement on the ballot. But such are the facts. The taxpayers will have to pay in the neighborhood of \$12,000 as their share of the cost of the pavement. We will not assume responsibility for the accuracy of these figures further than to say that they are based upon the best information we have been able to obtain, and we believe they are quite accurate.

We wish to make ourselves clear on the paving proposition. We are for it, because if the project carries it

means a step forward in progress. If it loses it means a step backward. Valuation of our property is already at a low ebb and will be still lower if we don't go forward. The shrinkage of \$200 in sale valuation of property now worth \$1,000 within one year we believe would be a low estimate. Will it be better to keep up the valuations or to suffer the loss. We will have to pay the cost in one way or another anyway.

Of course it will cost money to pave but we shall have something to show for the money we spend instead of nothing but the same old dusty main street, with its costly upkeep, and its unsightliness.

There is a lot of opposition to paving and some of the reasons offered by those opposed do not seem reasonable. Some are opposed because if the street is paved it would be impossible to lay water pipes and sewers. Members of the council are generally agreed that all necessary waterworks and sewer construction and changes, including possible lateral lines will be done before any paving is done. That is the sensible and reasonable thing to expect of any council.

One person stated to the Avalanche that the paving should have been done 5 years ago. He is right. It is impossible to go back and correct this error. Shall we commit the same error now and let the people judge our acts five years from now. There will never be a better opportunity to have this work done than now. It may look like a big project but after it is completed we will find that it wasn't such a big job after all, and everyone will be proud of it. Our summer business is growing bigger every year, and our military reservation brings here many prominent people, and we would be embarrassed if we could hear some of the remarks made about the town. And now our flying field is established and it is bound to become a prominent station. That means still more visitors, and very probably Col. Lindbergh will be among them this very summer. We don't want to build a pavement for one of these celebrities but we do want to build it for the convenience and the credit it will bring to our city, and it is a mighty comfortable feeling to sense that we are dressed up.

And to protect the valuation of our own property we want to go ahead, for we know that if we go backwards that we shall lose more actual money than it would cost to pay the paving tax. If the project loses, we shall take the loss with the others and feel that there is at least a small gain for we shall save about \$200 in personal paving tax besides the regular property tax. If it carries we shall be glad of course for we feel that it is the sensible thing to do this time.

WOMAN'S CLUB NOTES

March 5, 1928

The club met Monday evening at the club rooms with Mrs. Roy Milnes as hostess.

The program for the evening was on the Civil War and was divided into three topics. Miss Hazel Cassidy gave a paper on "Events Leading up to the Civil War." Slavery was the big problem discussed and the seceding of the seven cotton states from the Union was the direct cause of the war.

Mrs. Heriuf Sorenson gave a paper on the war itself. Mrs. Dell Walt

1—Ruth Powderly, who nursed Presidents Wilson and Harding, now the bride of Commander Jesse B. Helm, U. S. N., in Corinto, Nicaragua. 2—Golfers and archers at Ormond Beach, Fla., admiring John D. Rockefeller's drive. 3—Senators Pine, Gooding, Wheeler and Wagner, who are investigating conditions in coal fields, with children of striking miners at Pricedale, Pa.

gave a very interesting paper on the Reconstruction period.

Miss Kathryn Brown is a new member of the club.

Earle (To talkative barber)—Why do you insist upon telling me those horrible stories of ghosts and robbers while you are cutting my hair?

Barber—I'm sorry, sir, but, you see, when I tell stories like that to my customers their hair stands on end, and it makes it ever so much easier to cut.

JIM—PLEASE EXPLAIN THIS BURN IN MY NEW TABLECLOTH

HUEBNER PICKS MYTHICAL TEAM

ALL-STAR TEAM CLASS C

(By Harold J. Huebner)

Note—These selections are based on the work of each individual during tournament play. While many will not agree on some of the choices, it should be understood that it is a hard proposition to pick a mythical team, using tournament play as the means of choosing. This is especially true of class "C". Grayling played but one encounter while Grayling had two and Lake City one. In choosing my nominations several things were taken into consideration each of which must fit the individual. The most important of these are: 1. Shooting, 2. speed, 3. condition, 4. coolness under fire, 5. pivoting, 6. faking, 7. feinting, 8. passing, 9. aggressiveness, 10. sportsmanship.

All-Star Class "C" Team Neal—Forward, Grayling. Smith—Forward, Grayling. Hendrickson—Center, Grayling. Merry—Guard, Grayling. Brady—Guard, Grayling.

Honorary Mention Schreuer—Grayling. Fitzpatrick—Grayling. Wylie—Grayling.

In class "C" I have picked practically the entire Grayling team. The brand of ball displayed by the champions was of excellent caliber and well deserving of this honor. At forward I have placed Neal and Smith of Grayling. These two lads worked well together and make a combination hard to beat. Both are fast, clever, fine basket shooters and equally as good on defense. At center Hendrickson is given the post. His speed, uncanny eye for the basket and cool head made him a man feared by all opponents. He is very adept in every department of the game. At guard Merry of Grayling and Brady of Grayling are given the call. This duo on defense would be hard to beat in their class. Both are fine, clever floor men and can be depended upon in an offensive attack. Both are powerful, alert and aggressive and also can be depended upon to cash in several markers during the game. Schreuer, Fitzpatrick and Wylie are given mention. This trio is but a shade below their respective opponent and can really be considered as all-star material.

Class "D" All-Star Team Myas—Forward, West Branch. Price—Forward, Roscommon. Rutledge—Center, Roscommon. Brindley—Guard, West Branch. Curnalia—Guard, Roscommon.

Honorary Mention

Stevenson—Vanderbilt.

Emery—Roscommon.

Ruh—Roscommon.

Lewis—Marion.

Spreeman—Vanderbilt.

Bowman—McBain.

Strong—West Branch.

Selecting an all-star five for class "D" was a bit more complex. However it was possible to see the teams in action several times thus enabling my choice for each position to be more meritorious. At forwards Myas of West Branch and Price of Roscommon are given the call. While there are some forwards who are but a shade below this duo, these two are named because of their fine work during their games against their respective opponents. They are both fast, clever, good shots and fine team workers. Rutledge is nominated for center. He makes an ideal center, being rangy, a good mixer and a great defensive man. Brindley and Curnalia furnish an ideal pair of guards, able and dependable to break up an opposing offense and to work into their own offense, clever players, speedy and accurate shots. Those that are given mention stood out well above the rest of the players and with a bit more experience should cause a lot of attention.

GRAYLING, ROSCOMMON CHAMPIONS

RECORD CROWD SEES TOURNAMENT

The High School basketball tournament of the 23rd district closed Saturday night after a record breaking attendance. The high honors for class "C" were easily carried away by Grayling, and Roscommon had little trouble in maintaining its past fine record and were the proclaimed champions in class "D".

Fine young athletes represented the schools of Roscommon, Grayling, Houghton Lake, West Branch, West Branch St. Joe, Wolverine, McBain, Lake City, Marion, Vanderbilt, and two teams from Grayling High. A few arrived on Wednesday and got busy at practice on our fine local court to get accustomed to its layout. Others came in time for the opening game Thursday afternoon. Lake City, however, failed to appear when scheduled and forfeited the scheduled game to Grayling. They arrived the following day, but lost out in the consolation to Grayling.

And with the visiting teams came many of the home folk and the attendance was exceptionally good, and in the evenings the gymnasium was filled almost to capacity. The congenial Harold Huebner, of Saginaw and Roy O. Milnes of Grayling were on hand to blow the starting whistle and to attend to the refereeing.

Grayling-Grayling

The big event for Grayling people was the game with Grayling. This was played on Friday night and the locals won by a score of 32 to 22. Both teams put up brilliant games. Grayling scored two baskets ahead of the locals. At the end of the half the score was tied at 12 each, and Grayling came back to finish the session with confidence that their steady, dependable fast playing was going to bring victory. With each player in the "pink" of physical condition they had little to fear even from so worthy a foe as Grayling. All Grayling players except Wylie who played the position of standing guard, contributed to the scoring. Hendrickson, center, lead in the scoring with six field baskets, Julian Smith left forward was a close second with five. Neal contributed three and Brady two. Merry, Grayling's right guard lead the attack for his teammates by making five field baskets and two free throws. It was a fine clean game during which but three fouls were called—One on Grayling and two on Grayling.

Roscommon-West Branch

Another big event was the game between Roscommon and West Branch. This too was a fine game to watch and was won by Roscommon by a score of 20 to 17. Dick Price right forward led the scoring with four baskets. Rutledge, center, shot three and Curnalia, left guard, two. Emery registered one. West Branch put up a splendid game and made the match interesting from start to finish.

Roscommon-Marion

And the Roscommon-Marion game for class "D" championship was easily won by the former—20 to 12. This was the final game of the tournament and good and fast throut. The game was rife with fouling on both sides. Roscommon was charged with 8 and Marion with 10. The former profited from the penalties

by making 10 free throws while Marion garnered but two from their eight chances. Price and Rutledge each made two baskets in the game and Curnalia 1, while Rutledge's unerring aim at the basket brought home six free throw tallies. Altho strongly defended Roscommon did some excellent passing. Marion's passing was superior to their basket shooting—they just simply couldn't ring 'em up even when close to the goal, and their free throw shots were poorly executed, as the score, two out of eight chances, indicates.

Grayling "B" Team Grayling "B" team entered into three contests. They defeated Wolverine 24 to 15; Vanderbilt 17 to 10, and West Branch St. Joe 33 to 15. Coach Cushman's second string of players were a credit to their coach in all their games and make up a long list of available players for seasons to come.

Presented Trophies Superintendent E. E. Smith, under whose able management the tournament was conducted, made the presentations of the trophies to the successful winners. Roscommon, district champions in class "D" and Grayling, champions of class "C" shared in top honors. Grayling was presented with the consolation cup for class "C", and West Branch St. Joe the cup for class "D" consolation. Grayling "B" team, in recognition of their excellent playing was presented a cup on behalf of the business men of Grayling.

TRAILERS USED IN FUR TRADE

(By E. M. T. Service)

East-Michigan-made trailers, presumed by most of us to have appeals only for the traveling tourist, are being utilized in the romantic development of the reaches of the far north. The Hudson Bay company has purchased eight trailers from the Clare manufacturing company, Clare, Michigan, to seek out and locate new fur trapping grounds in the northern extremes of Northwest Canada.

THE GRAYLING TEAM

Grayling High School basketball team, champions in class "C" in the 23rd district of Michigan, are as clean a lot of players as the city has ever turned out. All stand high in scholarship and lack but little to entitle them to the credit of all A students. It so frequently happens that some star of the court worries the team by being down in his studies; but not so with this year's team.

And when it comes to personalities, it would be hard to find a finer lot of young men. The forwards, Elmer Neal and Julian Smith; center, Paul Hendrickson; and guards, "Chuck" Wylie and Francis Brady are clean living in every way. Boozie and even cigarettes are not in their repertoire of indulgences, and they are not to be found carousing and staying out late nights and thus impairing their health. Every fellow was fit for battle.

And in their playing they showed the finest kind of courtesy to their adversaries and to the referee and played the game fair and hard. To take this kind of a team and give it good coaching makes it a combination that is hard to beat. There was no grandstand playing on the part of any one of the players but all worked together for good teamwork.

With the first half of the game a tie between Grayling and Gaylord that meant the team that could endure the same fast pace to the end would probably win. And that was exactly what the Grayling team was fit to do and did do. They kept up a fast pace right up to the last and their keen basket shooting enabled them to win with a goodly margin—32 to 22.

HANSON PINES NOW A STATE PARK

(By E. M. T. Service)
East Michigan has another new state park, bringing the number in the section up to 34. The new park is to be known as the Edward E. Hartwick Pines Park. It is located near Grayling and comprises more than 8,000 acres of land, of which 78 acres are virgin white pine, the only remaining stand of white pine in the state. The property had been owned by the Salling Hanson Company of Grayling. Efforts had been under way for years to get the state to purchase the property as a park. Recently Mrs. Hartwick, vice president of the Salling Hanson company, and a daughter of the late Nels Michelson, one of Michigan's pioneer lumber operators, purchased the tract and gave it to the state as a memorial to her husband and in memory of her father. Under the terms of the gift the state will construct a memorial building on the property.

There are certain shades of green, gray, and tan, which look well with many color harmonies, so you can use them for background when you must have a rather limited wardrobe. Black, too, can be worn with almost any combination of colors. Think of your wardrobe as a whole, and buy articles that can be worn together with good effect.

Dr. and Mrs. John T. Sample and Mr. and Mrs. William B. Mereson Jr. of Saginaw spent several days, guests at Camp Wash-Ka-Da, the home of Mr. and Mrs. Dan C. Babbitt on the AuSable. They came to enjoy the winter sports and to take moving pictures of the AuSable and other picturesque scenery. Mrs. Sample remained for a longer stay, the others having returned home.

Leo Schram and Vernon Klingensmith returned to Owosso Tuesday after spending several days here visiting the former's parents and friends. While here Leo secured a contract with the Junior Class for the Humbert-Whitney Red Stripe orchestra, Owosso, to furnish music for the annual Junior Prom that will be held after Easter. Both young men play with this orchestra it being the same one that played for the Charity ball.

It was a big disappointment for several winter sports enthusiasts of Detroit and other places, who came to Grayling last Sunday to enjoy the toboggan slide, as Grayling was visited that day by one of the worst snow storms of the season. So those who came had to return without enjoying the thrills they had hoped for. Also J. H. McGillivray, official photographer for the conservation department was on the job and he too was disappointed in not being able to take any pictures of the slide. However he is planning to return again next Sunday.

John Devereaux, the gentleman from Sault Ste. Marie, who was seriously injured in an auto accident last week Tuesday near Roscommon in which he suffered a fractured vertebrae, passed away at 5 o'clock Friday morning of the injuries. Mr. Devereaux was 62 years old and with a friend, who was the driver of the car was on his way to Flint when the accident occurred. Henry V. Devereaux and brother of Detroit and a sister of the Soo were called here owing to the accident to their father. The remains were taken to the Soo, and the funeral held Monday.

Just about every town in Michigan operates on Eastern Standard time, at least in the summer. The voters will have a chance to register their preference to changing to the day-light savings time or to continue on the old time. Eastern Standard time was used here last summer and it gave, we believe, quite general satisfaction. At least we were in unison with the National Guard camps, the Aviation Landing field and the other towns, and that is worth something. Besides it gave the people a long period of daylight after their evening meal. Suits us.

In case the Village doesn't pave Main street what will become of the \$12,500 that is now in the treasury? If this isn't used toward paying the cost of the paving, you may bet your boots it will be used in some other way. We don't care how conscientious an administrative body is, we have never known a case in which there was a big treasury but that they found ways to spend it. Vote for the pavement and then we will know where the bulk of the \$12,500 will be spent anyway. How can we expect the State to pave the Trunk line through the village when we haven't pride enough to pave our main street? They just simply won't do it.

DO THE THING FOR WHICH YOU ARE BEST SUITED
(By W. S. Straus, President American Society for Thrift.)
While not reducible to statistical form, one of the most prolific sources of waste is misapplied human effort. Countless persons are not living up to their possibilities because they are not doing the things to which they are best suited. Many absolute failures in life may be attributed directly to this cause.

It is well worth while to make a careful and honest study of one's personal talents and then direct one's course of life accordingly. To make a vocation of the things for which one is not fitted, is a type of thriftlessness which involves waste of time, energy, opportunity and substantially every other personal resource.

We are each created with certain abilities—certain gifts of mind and heart—certain possibilities of progress. If we adjust our plan of life so that we shall be devoting our energies to the form of activity for which we are suited, we cannot fail to attain great success, provided we have the gift of health and live sensible lives.

Instances are by no means uncommon where men and women have saved carefully, only to have their savings swept away through unsound business practices or injudicious investment. The same may be said of those whose work lies along ill-advised lines.

Neither hard work nor careful economy by any means constitute the entirety of thrift. The dollar saved from waste must be put to work for you in the right way. The days, months, and years must be invested not only industriously but with efficient industry.

Study yourself carefully—courageously. Let neither pride nor timidity warp your judgment. After you have made a just appraisal of your qualifications, shape the course of your life to these ends. To do so is to emulate real thrift.

Some good main dishes for Lenten menus are: Omelets of all kinds; cheese soufflé and cheese toast; macaroni and cheese; goldenrod eggs; bean loaf; corn pudding; vegetable hash; corn fritters; fish—fresh, smoked, or canned—baked, fried, scalloped, in chowder; crab, shrimp, scallops, clams, and oysters in many dishes.

Here's a good menu made from materials nearly everyone can get: roast stuffed shoulder of lamb; baked cabbage with apples; string beans (canned or fresh); currant jelly, canned pear salad; chocolate pie. With bread stuffing and pie for dessert on potatoes are needed, but if you are accustomed to having them, they can be boiled whole and browned with the meat.

VOTE YES

ON THE QUESTION OF PAYING MAIN STREET

Because—?

Because—It is a step forward in the right direction.

Because—It is something that should have been done long ago and will be done eventually, so why not now?

Because—It will very likely cost less to do the job now, than five to ten years from now, to say nothing of the saving of the expense that is now put on Main street every year without any apparent beneficial results.

Because—The beneficial effect a nice, clean, paved Main street will have is alone worth the cost.

Because—The job can very likely be done for less than \$20,000.

Because—A fair portion of the cost will be borne directly by the property owners whose property faces on that portion of Main Street that will be paved.

Because—The amount to be spread on the Village tax roll to cover the portion of the cost directly chargeable to the Village can be taken care of within the next two to three years at a charge to not exceed one-half of one per cent a year.

Because—This will not make your taxes any higher than they were last year.

Because—This is your opportunity to secure one much needed improvement for your town. Improvements are needed, the sentiment is for them, so vote YES.

Not Responsible For Accounts

My wife, having left my bed and board, I hereby give notice that I will not be responsible for any accounts or debts of any kind incurred by her. Dated Feb. 20, 1928.

Wm. Brado.

Can we be happy though ruled by women? We can, according to Count Keyserling, famous German philosopher, who is in America for a lecture tour. He added:

Michigan Memorial Church

John Wilfred Greenwood, Minister

March 11, 1928

At 10:30 a. m. the pastor will give the second address in a series of Lenten talks, the theme being "A Danger Signal."

At 7:30 p. m. a popular address on the subject "A Broken-hearted Dad." The moving picture entitled "Absalom" will be shown.

Don't forget the big Primary Department program on Friday evening at 7:30 p. m.

The Laymen

Leave it to the ministers, and soon the church will die. Leave it to the women folk—the young will pass it by.

For the church is all that lifts us from the coarse and selfish mob. And the church that is to prosper needs the layman on the job.

Now a layman has his business, and a layman has his joys. But he also has the training of his little girls and boys. And I wonder how he'd like it if there were no churches here, and he had to raise his children in a godless atmosphere.

It's the church's special function to uphold the finer things. To teach that way of living from which all that's noble springs; But the minister can't do it, single-handed and alone. For the laymen of the country are the church's corner stone.

When you see a church that's empty, though its doors are opened wide,

It is not the church that's dying;

It's the laymen who have died.

For it's not by song or sermon

That the church's work is done;

It's the laymen of the country who for God must carry on.

—Edgar A. Guest in Michigan Methodist Men.

FREDERIC NEWS

The spirit of real winter is upon us. But in spite of Sunday's storm a few were able to take a tramp on snowshoes or skis.

MAPLE FOREST NEWS

Mrs. Alfred Hummel who left in January for Nebraska to visit her mother, writes back home that they are doing their plowing for spring wheat, and they have flowers in blossom.

We are getting our roads plowed. Wm. Woodburn and Oscar Parsons are driving the teams. We surely appreciate it very much and wish to thank them for doing so.

We had another big storm Sunday and altho it was mostly wind, it helped to make our snow drifts higher.

You may talk about snow drifts but we think we have them all beat. We have lots of them and high ones at that.

Farm Bureau Notes

R. D. Bailey, Co. Agricultural Agent

Closing the Work

The term, on which our present agricultural agent is working, closes on March 31, 1923, at which time he expects to retire to "Groveland Farm," his pleasant farm home, just east of the little city of Gaylord, and on Gaylord's main street.

Here, amid flowers, and books and friends, as planned for years, he will spend the remainder of his days.

Regret But Not Remorse

Once in a while thoughts of country in Crawford County will creep in. These will not be mingled with remorse, however, for, I have, for seven years, burned with high hopes and large aspirations for the improvement of farm life in Crawford County, and have steadily advanced the right plans to bring about that improvement. I have no foolish plans nor any wrong advice to look back upon with remorse.

New Agent

I do not know who the new agent will be, nor when he will arrive. I only know that if he is a man of experience and education, it is not likely that he will be found standing around and ready April first, waiting for this job to open.

Do not think that grudgingly paying him \$25 a month salary, which is what the present agent receives from the County, will make us winners at the Top O' Michigan Apple and Potato show, or will spread acres of alfalfa where they should be growing, instead of buying baled hay.

What the new agent needs is CO-OPERATION! Co-operation between agents, supervisors and farmers. An agent can not go far, when the greatest effort any supervisor makes is to trouble and annoy the agent.

As long as farmers are content to spend several times each winter for feed, instead of for the time that would grow the alfalfa for feed, just so long will they do it, have to do it, be hard up, get nowhere.

As I have said many times before, get lime; make alfalfa grow; feed abundantly with it. Try to live a larger life. Each year increase the number of good milk cows you keep.

Appreciation for Avalanche

It would be entirely unfair for me not to let all farmers, and the general public, know the extent of and value of the support of county agent work given by Mr. O. P. Schumann, editor of the Avalanche.

Month in and month out, year in and year out Mr. Schumann has given the present agent space in the Avalanche free, to help farmers, the town and county. I estimate that the value of this space is away beyond

one thousand dollars! Perhaps, several times that. It has cost Mr. Schumann, who does not farm, several times as much, as it has cost any farmers who does farm.

Month after month valuable suggestions in the Avalanche plainly stated ways of soil improvement which, if followed would have resulted in large crops, ability to keep more cows, ability to send more butter or cans of cream to town.

These suggestions seem to have in the case of far too many farmers, gone in one ear and out the other. Until such a state of mind is changed, in farmers by farmers themselves, there will not be much farming done in the county for anyone to be proud of.

GRAYLING, ROSCOMMON.

Supplement

TO CRAWFORD AVALANCHE

GRAYLING, MICHIGAN

MARCH 9, 1928

ANNUAL TAX SALE

County of Crawford, State of Michigan.
In the matter of the petition of Oramel B. Fuller, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of Michigan praying for a decree in favor of the State of Michigan, against each parcel of land therein described for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the April term of this Court, to be held at Grayling in the County of Crawford, State of Michigan, on the 10th day of April A. D. 1928, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Crawford, State of Michigan; and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges, and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Witness the Hon. Guy E. Smith, Circuit Judge, and the seal of said Circuit Court of Crawford County this 8th day of February A. D. 1928.

GUY E. SMITH,
Circuit Judge.

Countersigned,
CHARLES GIERKE, Clerk.
(SEAL)

STATE OF MICHIGAN

To the Circuit Court for the County of Crawford in Chancery:
The petition of Oramel B. Fuller, Auditor General of the State of Michigan, for and in behalf of said State respectfully shows that the list of lands hereinafter set forth and marked "Schedule A," contains a description of all lands in said County of Crawford upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non-payment of taxes, and which taxes have not been paid; together with the total amount of such taxes, with interest computed thereon to the time fixed for sale, and collection fee and expenses, as provided by law, extended against each of said parcels of land.

Your petitioner further shows to the Court that said lands were returned to the Auditor General under the provisions of Act 206 of the Public Acts of 1893, as delinquent for non-payment of said taxes for said years respectively, and that said taxes remain unpaid; except that lands included in said "Schedule A" for taxes of 1890 or prior years were returned to the Auditor General as delinquent for said taxes under the provisions of the general tax laws in force prior to the passage of Act 200 of the Public Acts of 1891, and which taxes remain unpaid.

Your petitioner further shows that in all cases where lands are included in "Schedule A" as aforesaid for taxes of 1890 or of any prior year, said lands have not been sold for said taxes or have been heretofore sold for said delinquent taxes and the sale or sales so made have been set aside by a court of competent jurisdiction, or have been cancelled as provided by law.

Your petitioner further shows and avers that the taxes, interest, collection fee and expenses as set forth in said "Schedule A," are a valid lien on the several parcels of land described in said schedule.

Your petitioner further shows that the said taxes on the said described lands have remained unpaid for more than one year after they were returned as delinquent; and the said taxes not having been paid and the same being now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land contained therein, and in default of payment of the said several sums computed and extended against said lands, that each of said parcels of land may be sold for the amounts due thereon, as provided by law, to pay the lien aforesaid.

And your petitioner will ever pray, etc.

Dated February 4th, 1928.

ORAMEL B. FULLER,
Auditor General of the State of Michigan,
for and in behalf of said State.

Now Enjoys Eating, Thanks His Wife

"For years I suffered with stomach trouble. Then, my wife got me to take Adlerika. Today, I feel fine and eat what I like." - Wm. Opp.
Adlerika relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you will feel. It will surprise you! Mac & Gidley, Druggists.

Can't Talk To Wife, Too Cross and Nervous

"Even my husband couldn't talk to me, I was so cross and nervous. Vinol has made me a different and happy woman." - Mrs. N. McCall.
Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. MAC & GIDLEY, Druggists.
